

Please note that effective 1/1/18 we will no longer be requiring or collecting waivers. Do not submit them. You will still need to get a permit from the Special Use group coordinator for your trip.

For trips to caves owned by the National Speleological Society, Inc. we still require a COI naming them as additionally insured. See list below.

For groups with any minors, trip organizers are required to share the following statement with the minors's parents or guardians.
